All-Female Sale

"The Sale of the Century"

MONDAY

JUNE 12, 1967

At the farm near
PETERBOROUGH, ONTARIO

Louis Cadesky

Wilbur Donaldson

The decision to part with every female in the Louada herd over three years old brought an immediate response from Shorthorn breeders everywhere, so perhaps some clarification is in order.

To every herd of high productivity comes a time when some substantial reduction in numbers must be made to keep the herd within bounds. Louada has reached this point with large importations from Great Britain and by retaining almost every daughter of Louada Rothel King.

We feel that these young heifers are the proof of our breeding program. On them rests our future achievement. Even with every confidence in these young females, it is difficult to sell their dams, since included will be the mothers of many of the breed's best known stock bulls.

Louada is proud of the role it has played in the development of the breed. Much of that reputation rests on the Louada bulls, and rightly so. But one can never discount the value of the great cows that produced them. We know what it is to try to assemble a top cow herd. I only wish that when we started, there had been an opportunity such as this sale. In one afternoon, we could have accomplished what in reality took years.

To me, we are not just selling cattle. We are selling time . . . and that is something no one can spare.

In our long and very pleasant association with Shorthorn cattle and the fine people who breed them, each of us has sincerely enjoyed working toward the improvement of the entire breed and we intend to continue doing just that. We look forward with the greatest pleasure to your being with us on June 12 to see the progress we are making. Everything should be at its best — fine weather, congenial people and the best Shorthorn females we have ever been able to offer.

A handwritten signature in dark ink, which appears to read "R. P. Anderson". The signature is fluid and cursive, with a long horizontal stroke at the end.

Louada Manor Farms on the shores of picturesque Pigeon Lake is one of the most scenic and relaxing farms in the business.

GENERAL SALE INFORMATION

TIME AND PLACE . . . Monday, June 12, 1967, at Louada Manor Farms, 20 miles north of Peterborough, Ont., approximately 100 miles from Toronto, Ont. Sale starts at 12 noon.

TRANSPORTATION . . . From Toronto the Canadian Pacific runs frequent trains to Peterborough. Toronto is reached easily by any means of transportation. If you wish to be met in Toronto, we will be happy to do so, but please let us know sufficiently in advance. See page 98 for more detailed information.

HOTEL ACCOMMODATIONS . . . Sale headquarters will be the Rock Haven Motel in Peterborough. You may write them directly telling them you are attending this sale, or write to Wilbur Donaldson, Louada Manor Farms, R. 2, Peterborough, Ont., who will be glad to make reservations for you. Other good motels are the Tops, the Golden Nugget and the Kawartha. All are excellent and all are located on Highway 28, south of Peterborough. We also recommend The Empress Hotel, Peterborough. Transportation from all these will be provided to and from the farm. A block of rooms has been reserved in each motel, but they cannot be held indefinitely due to heavy demand by tourists at this time of year. Accordingly, please make your reservations early.

AUCTIONEERS . . . Paul Good, Van Wert, Ohio, and Dick Kane, Wisner, Neb.

GUARANTEE . . . All cattle will be sold under the Standard Guarantee endorsed by the American Shorthorn Ass'n.

HEALTH . . . All cattle will be sold under the laws of Ontario and will comply for entrance to the United States. Official calf-hood vaccination for females is practiced and the herd is Accredited for T. B. and is in a Certified Brucellosis free area.

TERMS . . . The terms of this sale are cash. Checks should be handed to the clerk immediately following the auction. Please be sure to have the clerk record your shipping instructions. All announcements at sale time, written or oral, supercede any written material in this catalog.

LIABILITY . . . Louada Manor Farms, its owners or employees accept no liability for accidents that may occur. Accidents at cattle sales are very rare, but all attending must do so at their own risk. The sale manager, auctioneers, and clerks were employed by the owners for specific tasks, promotional and clerical, and have no connection with the handling of the cattle, the condition of the premises, fulfillment of guarantees, or health papers. The sale of each animal constitutes a contract between the buyer and seller of each lot, but the sale manager cannot be responsible for the fulfillment of that contract.

LUNCH . . . A ladies church organization will have lunch available sale day.

or to any of the auctioneers listed, the owners or employees of Louada. All these representatives may be reached at the farm phone listed above within 24 hours of the sale.

INSURANCE . . . Will be available at the sale.

DELIVERY . . . Louada Manor Farms will hold any purchases in this sale without charge and make free delivery to Chicago, Buffalo, Port Huron, Alexandria, N. Y., or Toronto at its convenience following the sale. From those points buyers can usually arrange further group transportation to get their cattle home at minimum cost.

PREMIUM ON U. S. DOLLARS . . . The U. S. dollar in Canada is at a premium of about 7% in Canada. This exchange differential more often than not pays the buyer's cost of getting animals home.

Be Sure to Arrive by Sunday

Sunday, the day before the Louada sale, is reserved for the kind of relaxation you enjoy most. In June the weather will be ideal and the cattle will be at their peak. There is no farm more beautiful than fabulous Louada, nestled on the shores of beautiful Pigeon Lake.

Here you can roam the pastures at leisure inspecting the world's most magnificent cows. See the stock bulls that have spread the Louada name around the globe. Enjoy the companionship of Shorthorn and Polled Shorthorn breeders from all walks of life . . . from all over the world.

With such a large sale offering to inspect, do not leave it all to a few hours the morning of the sale. You will want to see the daughters of the cows selling that are being retained to insure the future excellence of the Louada herd. And, you will want to inspect the vigorous young bulls being readied for the October sale. The dams of most of them will sell June 12.

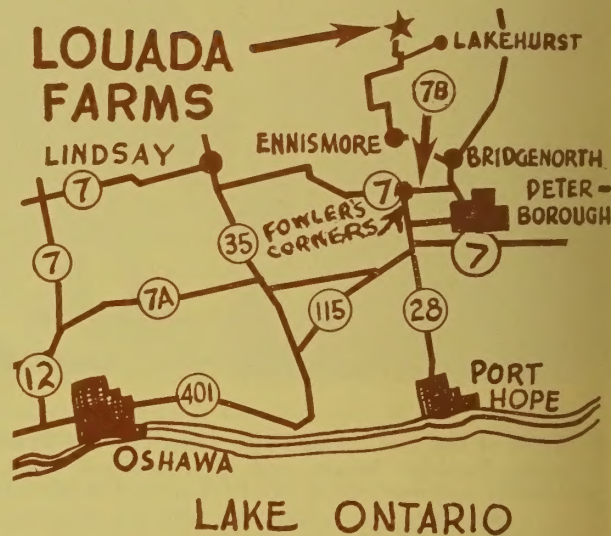

Come early for a leisurely tour and stay as long as you like. Do plan to be Louada's guest at buffet dinner the night before the sale.

Expressway 401 across Ontario is completed. This means you can drive across Ontario with ease and make good time. Coming from Detroit, go over the bridge (not through the tunnel). West and south of Detroit are fine expressway roads connecting with the Michigan, Ohio, Indiana, and Illinois turnpike systems. From Ohio and farther east study the turnpike systems which lead through the Buffalo and Niagara Falls area. Many of our friends in the Midwest will be able to get on expressways in Illinois and Ohio, for example, and stay on them until they turn north off 401 to Peterborough.

PETERBOROUGH AREA

From junction of 7 and 28 continue north on 7 to Fowler's Corners. Do not take 28 as it goes into Peterborough. From Fowler's Corners go east to 7B four miles to Chemong Road leading north to Bridgenorth. Then cross Chemong Lake at Bridgenorth, follow farm signs through Ennisnore and on to Louada Manor Farms.

These maps are crudely drawn and are not meant to replace road maps. We feel they will be helpful, however.

The magnitude and potential of the Louada All-Female Sale is staggering. When Louada first announced its plans, I am sure everyone shared the same initial reaction: "Would Louada really dare to part with all of its females over three years old?"

The decision to sell the brood cows is a sound one. In almost every case they are being replaced with daughters or sisters by the stock bulls that have made Louada famous. As these females mature, you will find a great uniformity that could be achieved in no other way and the average age of the cow herd in the future will be even lower than it is today.

Thus it is that you have an opportunity unparalleled in Shorthorn history to buy brood cows that few dispersions could ever equal. Each one is capable of producing a stock bull worthy of the world's great herds . . . and many already have.

As far as possible, the females have been catalogued by families with appropriate descriptive material about each. Study it carefully. An opportunity like this may never arise again. Your purchases can be made within family groups or you may wish to choose a representative of several. In either case, your purchases will complement each other and rapidly multiply into a herd nucleus that only could come from a sale such as this.

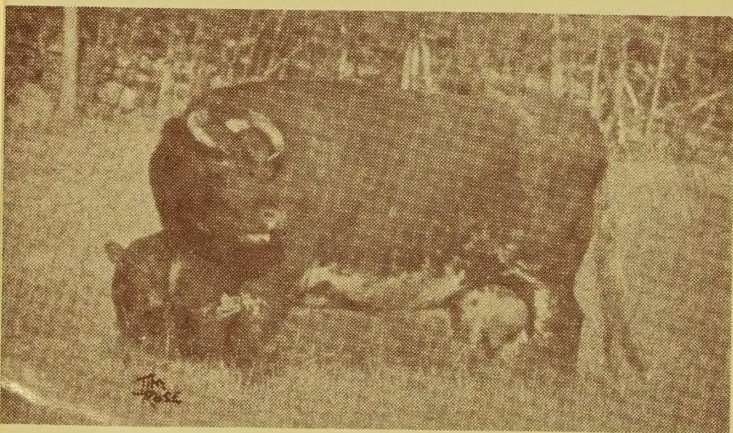

If you only add a few females each year, or in several years, certainly one or two should come from Louada. Here are the cows backed by production unexcelled anywhere. Here are pedigrees that insure prepotence. Here is the service of stock bulls known and respected wherever Shorthorns are bred. Could there be a higher recommendation?

Louada will be at its most beautiful in June. Plan to bring the family and spend the entire weekend. Choosing from this offering is a challenge to the greatest cattlemen in the world and your choices cannot be made hurriedly . . . they represent your step into Louada's glorious history and your tie to a future of excellence.

HARRIS SIMONS
The Shorthorn World

Louada Augusta Queen was purchased from Louada at a record \$5,700 by KC Shorthorns, Kansas City, Mo. For KC she produced a daughter that was grand champion female wherever shown and a son that won All-American honors and sold for \$1,900 for two-thirds.

Louada Blood Royal 9th sold in the 1959 Louada sale to Fernwood Farm, Barrington, Ill. Her heifer calf at foot brought them \$1,950 and several daughters are in the herd today.

Here's How Louada Females

What value can you place on a Louada female? Over the years, those who have purchased them have soon found that whatever the price, it is quickly returned in just one or two calves . . . if you choose to sell those calves. Most of their daughters, however, are retained and an unusually large number of Louada cows sold to others have produced stock bulls for their new owners.

Former Louada buyers know that there is but a small gamble in buying a Louada female. Your own eye will quickly determine her individual excellence. A glance at the catalog will show you her gilt-edge pedigree. But then consider what lies behind that pedigree: generation after generation of breed improvement from the master breeders of the world, all carefully fused by years of Louada's own careful program. Your Louada female is no accident. She is the result of generations of the best blood the world has ever known. Doesn't that almost insure the high quality of the calves she will produce for you?

Then consider the stock bull she is bred to. Bulls like Louada Rothes King, Denend Constellation and Louada Royal Leader are known the world over. Already each has sired sons in service in the most respected herds. A calf by bulls like these from your Louada cow could well be your next herd sire. And, should the calf be a heifer, think what a wonderful foundation female she will be.

Have Paid Off for Others!

Many will be interested in the management of the Louada cow herd. You'll see for yourself on sale day, but if you've never been to Louada, here's a rough outline:

In summer the cows graze the wooded limestone pastures nursing husky calves. In fact, these pastures are so rugged as to insure that the cattle will grow and prosper under any conditions. There is shade and water in abundance and of course no extra feed is needed.

In winter, the wooded hills of Ontario provide most of the shelter together with a few open sheds. Good hay and minerals are available but the cow herd is not pampered with much more feed than that. In other words, these are cows that have grown to their great size the natural way on hard land. They have the stamina and substance to thrive and produce regularly, or they wouldn't be at Louada. They will expect no better care at their new homes and they'll need none.

Never before has there been an opportunity quite like this for Shorthorn and Polled Shorthorn breeders. Here is an investment opportunity that occurs only once or twice in a lifetime. Many of the breed's most famous females will be divided with the leaders of the world . . . how many will you own?

Louada Blood Royal 35th topped the 1961 sale to Allwood Plantation at \$5,900. There she produced the \$7,200 Allwood Regal King in service at Boyden Farms and the \$6,200 Allwood Rustic King, stock bull at Fernwood Farm.

Miss Rosewood Coronita x was grand champion female of the 1963 Missouri State Fair and an All-American for Thieman's Polled Shorthorns, Concordia, Mo. Her dam was purchased in the 1961 Louada sale at a conservative price.

LOUADA ROTHES KING — There can be no doubt that Louada Rothes King is one of the truly great stock bulls of the age. His overall conformation has won the praise of beef cattlemen everywhere. His sons have averaged more than \$4,000. His daughters assure the excellence of the Louada herd for years to come. A few are offered in this sale, but most of them have been retained for the production of future bulls at Louada. His breeding record is well-known but here are a few highlights: A son topped the 1965 sale at \$17,200; his senior and junior gets-of-sire were All-Americans in both 1965 and 1966. He sired most of the best ten head at the 1965 and 1966 International Livestock Expositions and ten sons made up the 1963 best ten head there. A daughter, Louada Judy Clara, was International supreme champion in 1966. One of his first sons, Louada Peerless, owned by John F. Shuman and Sons, Byers, Colo., has been classified AAA. Another son, Louada Jason, is senior stock bull for Tempel Farms, Wadsworth, Ill., after winning the International reserve grand championship as a calf. King is by the \$30,000 Louada Bonaparte that was out of the immortal Blood Royal 33rd by Calrossie Highland Leader. On the dam's side are crosses of two more of the breed's most prepotent families — the Kirkton Queens of Rothes and the Tolquhon (Cruggleton) Princess Royals — lines that breed successful stock bulls, and have for generations.

DENEND CONSTELLATION = 408151 =

Red roan, calved Jan. 27, 1963. Bred by Denend Pedigree Farm, Scotland. Owned by Louada Manor Farms, Peterborough, Ont., and Allwood Plantation, Thomasville, Ga.

Denend Constellation

No bull living today combines a stronger outcross bloodline through a concentration of three of Scotland's most historic sires — Cruggleton Perfect, Cruggleton Willingdon and Calrossie Control. Further, Constellation is by the immortal Bapton Constructor and could well be his best breeding son.

From the dam's side comes invigorating outcross blood from William Garne's highly regarded Aldsworth Pure Gold family. The dam was purchased in the Portyerrock dispersion.

Constellation himself is an All-American but, more important, he is a bull of exceptional size and substance. Many call him the son of Bapton Constructor that most closely resembles his great sire.

The first sons of Denend Constellation were offered in the fall sale. Louada Encounter, that weighed 1,070 pounds at two weeks over a year, sold to the venerable Scofield Ranch, Austin, Tex., at \$3,000. The second son, Louada Limelight, brought \$3,200 on the bid of George Shaw, Trimble, Mo.

That pair of bulls provides just a foretaste of the future. The sons and daughters of Constellation at Louada now are the envy of all who see them for their size, substance and abundant quality. No Constellation females sell in this sale, but a large number of cows carry his valuable service. They provide your chance to "luck" a stock bull the inexpensive way — in dam.

LOUADA ROYAL LEADER — Louada feels fortunate to have produced this powerful bull that is line-bred to the immortal Blood Royal 33rd, one of the great cows of this, or any breed. She produced her 14th calf for Louada at 17 years of age. She is also the dam of the \$30,000 Louada Bonaparte; of Louada Blockbuster, stock bull for N. D. Hogg, Uxbridge, Ont.; of Louada Bondholder, stock bull for Gavin, Barry and Ryan of Illinois and Byron Reser of Wash., and of Louada Argosy, sold to Joe Christen, Aurora, Colo. Louada Royal Leader is backed by the most prepotent blood of the breed including Lawton President Roosevelt, Calrossie Highland Leader, Kirkton Baronet and Lawton Field Marshall. Never has the service of a young bull been used from its inception with such a high degree of confidence. His first son offered at auction was Louada Provost that topped the fall sale at \$8,000 to Mains Farm, Poulso, Wash. Another sold privately to Barry and Ryan of Illinois and W. N. Anderson of Iowa. The service of Royal Leader is a feature of this historic sale and his sons will be among the best sold in October.

SCOTSDALE WELFARE — The All-American Scotsdale Welfare was bred and developed by S. G. Bennett at Scotsdale and is carefully line-bred to Perth champion Calrossie Prefect whose blood has stood for size and quality for 15 years. Welfare is by Scotsdale Navarre that was supreme champion of the 1961 Royal Winter Fair and matured at 2,300 pounds. Scotsdale Jupiter was International supreme champion in 1956. Scotsdale Lucifer was an International reserve grand champion. The dam of Scotsdale Welfare is Scotsdale Nasturtium Pauline that comes from the revered Calrossie Pauline tribe. Her granddam, Calrossie Patsy Pauline, was a full sister to Calrossie Ocean Wave and a maternal sister to Calrossie Highland Pride. Lawton Hiawatha was grand champion at Melbourne, Australia. His sire, Lawton Nelson, was reserve supreme champion at Perth in 1950 where he sold for 6,600 gns. to Bernardo Duggan of Argentina, who later showed him to the grand championship at Palermo. He made a great influence on the Duggan herd. Scotsdale Welfare is owned jointly by Louada and Allwood Plantation, Thomasville, Ga. His service will be a feature with a selected number of females.

PLEWLAND'S REDUCTION SALE

Angus Wilson's Polled Shorthorns

SATURDAY, JUNE 10, 1967

At Plewlands Farm

Cumberland, Ont.

Cumberland, Ont., is on the Ottawa-Montreal Highway, a comfortable half-day's drive east of Louada. Just outside of Ottawa, there is good plane service between Ottawa and Toronto.

TRAIN AND PLANE INFORMATION

By air . . . Chicago to Toronto

Air Canada has about eight flights a day — each way — between Chicago and Toronto, leaving from O'Hare Airport. A two-hour flight.

By air . . . from other points

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

By rail . . .

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in Toronto early in the morning. The train from Toronto to Chicago leaves about 10 p.m. Since schedules are subject to change, please check exact departure times.

By automobile . . .

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airplane ticket from Chicago-Toronto is only about \$55. Rail is about the same. Traveling alone, it is difficult to beat this by car.

By rail . . . Toronto-Peterborough

There is good service but there are changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train. However, if you are to encounter a long delay, we would prefer that you call W. W. Donaldson (705) 743-6980, and we will arrange to pick you up with others coming from the airport. Coming back from Peterborough to

Toronto there are generally trains at times that will enable you to make your connections, but in the event you cannot find a convenient connection, we will see to it you have transportation to Toronto.

Meeting you in Toronto

We will be happy to meet your plane. It is about a two-hour drive to the farm. Try to arrive early enough so you won't miss the gathering at the farm Sunday afternoon and evening. **Please advise us in advance of your arrival time. Then you should report to the flight information desk of Air-Canada.** A representative of Louada will be nearby. If you miss connections, call W. W. Donaldson, (705) 743-6980.

If you are coming by train, you may find it just as convenient to continue by train from Toronto to Peterborough. However, if this doesn't work out, call the farm and we will include you in the cars coming from the airport. Cars will also be going back to the airport after the sale.

Cars from Peterborough

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area at approximately 8:30 a.m. and 9:00 a.m.

All train and plane information given here is approximate. Be sure to check with your ticket agent for exact times. Because schedules change, we cannot quote exact times.

We urge you NOT to make your connections so closely that you arrive in Toronto Monday morning.

ADDITIONAL FOOTNOTE INFORMATION

DENEND AUGUSTA LITA, Lot 40 -- The calf from this cow was lost at a few weeks of age. She is selling with a nice red bull calf at foot by Bosmandale Achievement born April 5, 1967, and out of Louada Blood Royal 19th by Bapton Constructor.

LOUADA ROSEWOOD ROZEL 2nd, Lot 57-- We had the misfortune to lose a very nice calf out of this cow at one week of age. She is nursing and selling with a good April 10 heifer calf by Bosmandale Achievement and out of Allwood Nonpareil Holly by Bapton Constructor. The cow was served April 8 to Louada Royal Leader.

Those calves indicated (R) will be retained at Louada Manor Farms.

Those females indicated with an asterisk (*) are examined safe in calf. On those females with shorter breeding dates, Louada would prefer that they be left until they can be pregnancy checked.

DELIVERY--Louada Manor Farms will hold any purchases in this sale without charge and make free delivery to Chicago, Buffalo, Port Huron, Toronto or Alexandria, N.Y., at a convenient date after the sale. From these points other economical group transportation can easily be arranged.

HEALTH--All cattle will be sold under the standard guarantee endorsed by the American Shorthorn Association. They will comply with the laws of Ontario and are eligible for immediate shipment to the United States. Official calfhood vaccination of females is practiced and Louada is accredited for tuberculosis and is in a certified brucellosis free area.
